

Tree of Life

Temple Israel

Dover, New Hampshire

The Tree of Life is an artistic way to commemorate a variety of life cycle events such as weddings, births, bar/bat mitzvah, anniversaries, graduations, special recognition awards, etc. The possibilities are endless! Having your simchah engraved for all to see literally grows our tree as a living history of our congregation. Many donation levels (see below) are available to allow everyone to participate in helping our tree bloom. Recognition is typical and encouraged for past, present and upcoming milestones!

Please note – the rocks at the “foundation” or “roots” of the tree can be given either in honor of someone’s simchah or achievement OR in memory of a loved one. Leaves exclusively honor accomplishments, life celebrations and milestones.
