**(from Tel Aviv)**

*Dear Friends,*  
*Shabbat Shalom from Tel Aviv!*

Below, you will find two photos of a beautiful sunset over the Mediterranean Sea.

*I created this blessing in my mind as I watched the sun descend...*

*Blessed are You, Eternal One, Ruler of the Universe, who marks the end of day with the sunset, calling on us to reflect on what we have done each day to enhance our world and consider how we can add goodness and light to the day to come.*
